| | ination after installation or asse | | ☑ Ye | | | | | | | |
| 2. If the answer to the above question is Yes, then has the equipment been installed correctly? ☑ Yes ☐ No | | | | | | | | | | |
| 3. Was the inspection carried out in accordance with an examination scheme? ☑ Yes ☐ No | | | | | | | | | | |
| The owner shall perform the | next inspection no later than 1 | 0 Months From the date of iss | ue. | | | | | | | |

This is to certify that the above item/s described in this certificate was tested and particulars are correct.

CSSC has inventoried, inspected, verified and tested above mentioned equipment in accordance with the reference standards cited herein and consistent with CSSC policies and procedure. We certify this above mentioned equipment is SAFE TO USE, condition prevails at the time of this inspection, safe to use further with qualified operator. That the owner or his designated agent or contractor, hereafter owner, continues to perform maintenance in accordance with the original equipment manufacturer's preventive maintenance guideline and procedures and makes no unauthorized changes to the equipment's controls and mechanisms. CSSC makes no claims regarding the condition or safety of the equipment after we have completed this inspection and departed the property. CSSC disclaims any warranty of any kind either expressed or implied including without limitation warranties of merchantability or fitness for a particular purpose. This certificate becomes invalid in the event of any repair or alterations are done, in which case it must be retested.

> All the information obtained /gathered during the inspection shall be preserved as confidential. This inspection has been carried out as per local order no.: 2/2010; This inspection certificate / report shall not be reproduced except in full without the approval of Claymore and the Client.

Inspected By: Maricris Barro
